Secretary Amplifies His
Philadelphia Remarks,
Aiding Hoover

By GEORGE R. HOLMES

Washington, May 15.—The capital wrote Pennsylvania's 79 votes in the Kansas City convention into the Hoover column today.

Almost the last lingering doubt that the Mellon-Vare organization will go solidly for Hoover was dispelled today by Secretary Mellon's amplification of his Philadelphia statement.

"I don't see any reason for any doubt as to what I meant," said the secretary. "I spoke plain English. I think Mr. Hoover can win if he is nominated, and I think he would make a good president. Many things can happen between now and the convention, and for that reason it was thought unwise to make final commitment so far in advance."

The one thing that apparently can switch Pennsylvania from Hoover, it was indicated, would be for President Coolidge to consent to stand again. And that is a very remote possibility, not only in Mr. Mellon's opinion, but in the opinion of every politician in Washington.

Coolidge Record Is Issue

Mr. Mellon has had numerous callers since he returned to the capital. To them he has explained that with President Coolidge out of it he doesn't believe the Kansas City convention can logically go to any other man than Hoover. He considers that the party must go to the country in the approaching campaign on the record of the Coolidge administration, and he believes it would be entirely illogical for the convention to nominate a candidate who has disagreed with Coolidge policies as have both Lowden and Dawes.

The defeatist talk of the anti-Hoover allies hasn't impressed Mr. Mellon much. In discussing this phase of the campaign, Mr. Mellon sagely observed that in the heat of pre-convention fight there were

Auditor's Assistants To
See If Household Goods
Are Listed Properly

Lisbon, May 15.—Field men who will assist the county auditor in assessing personal property have been told that 90 per cent of the taxpayers should return more than \$100 worth of household goods.

These men met with Auditor Elmer E. Walker, Monday to receive instruction and supplies. Under an old law, recently repealed, these field men were known as assessors.

It was explained to these men that all contracts, mortgages, book accounts, building and loan stock, and all contracts are taxable, and that deduction for debts can be made from any other item than this one.

Mr. Walker also pointed out that all bonds, state, county and city, or those of an incorporated or unincorporated company are taxable with the exception of government bonds and bonds issued prior to 1913. All stocks are taxable with the exception of stock in an Ohio corporation.

Buildings erected since April 9, 1927, are also to be returned for taxation. The field men have been instructed. All tangible property is to be listed where it is located, and all intangible property is to be listed where the owner resides.

Those who expect to obtain an automobile license for 1929 must also list such machines for taxation at this time, regardless of the small value of the machine. The field men were also informed that all cigarette licenses for the fiscal year of 1927-1928 expire May 28.

Rocking The Boat, Two Brothers Are Drowned In River

Washington, May 15.—The "rocking the boat" casualty list for 1928 has started.

Two brothers, Charles Bromley, 18, and Frank Bromley, 25, were dead today following a boating excursion on the Potomac with four companions.

While returning from an up river jaunt, the sextet began rocking the boat a few hundred yards off-shore. The boat capsized and the brothers were drowned. Their four companions swam ashore.

MAD PASSENGER ATTACKS FLIER

Maniac Swings Hammer
On Pilot Over Pontiac;
Under Arrest

Pontiac, Mich., May 15.—Clarence Frechette, 24, of Pontiac, was under technical arrest and held for mental observation at a hospital here today following his maniacal attack in mid-air on Harry Anderson, 28-year-old aviator, causing him to crash from a height of 2,000 feet.

Anderson and his mad passenger were dragged from the wreckage of the plane and rushed to the city hospital by spectators who watched the weird nose-dive to earth. The condition of both men was reported as grave.

Frechette represented himself to Anderson as an "exhibition pilot and parachute tester." He asked Anderson to take him up. When they had attained a height of 2,000 feet, Frechette produced a hammer and swung repeated blows at the pilot.

Pick Team Captains For Chest Campaign Thursday And Friday

Nine Groups of Workers Will Solicit For
Funds; Drive Opens Wednesday Night
With Dinner; Reports Given

Selection of captains of the nine teams of workers who will solicit Thursday and Friday for the Community Chest were announced today by General Chairman John S. Alan. They are as follows:

1. C. S. Carr; 2. J. C. Boone; 3. R. M. Atchison; 4. E. F. Hauser; 5. E. H. Althouse; 6. Miss Martha Wire; 7. Mrs. J. M. Kelley; 8. Mrs. J. E. Maley; 9. shop team, W. F. Bolen.

The drive will begin Wednesday evening at the Memorial building when the executive committee, team captains and workers and other persons having a part in the campaign will gather at dinner.

Plans for the drive will be outlined, and active canvass of the city will begin Thursday morning.

Reports of the seven organizations and institutions participating in the chest have been submitted by their respective heads. They tell of the work accomplished during the last year and the needs this

year. Two reports today are of the Salvation Army and Home for Aged Women. The Army's report, by captain in charge, is as follows:

"Few persons realize the good done by the Salvation Army. Yet the patient, faithful workers of that organization go quietly on in their endeavor to help the needy, assist the weak and down-trodden, and make life a little more livable for the unfortunate ones."

"During the last year, their report shows, they distributed 4788 garments, 867 pairs of shoes, 500 loaves of bread and numerous other articles. They also spent for groceries and supplies, including Christmas dinners, \$644.37."

"They gave 'odd jobs' to 43 transients, furnished 761 meals to these wanderers, and lodged 239 at their barracks."

"They made 12 visits to the Columbian county jail, where they

FOUR RAILROADS OPPOSE LINE TO CONNECT RIVER

Sheet, Tube Man Charges
Trunk Lines Stifle
Youngstown Trade

Washington, May 15.—Opposition to the granting of a certificate of necessity and convenience to the Pittsburgh, Lisbon & Western and Montour Railroads for construction of a new line of railroad from Youngstown to Smith's Ferry developed today at a hearing on the application before Assistant Director Burnside, of the Interstate Commerce commission.

Attorneys representing the Pennsylvania, Pittsburgh & Lake Erie, New York Central lines, and Baltimore & Ohio, requested permission to intervene in behalf of their roads. The Pennsylvania is represented by Albert Waid, the Pittsburgh & Lake Erie by Clyde Brown, and the B. & O. by R. M. Smith and D. Willard, Jr.

A. C. Gutheim of Washington and H. G. Porter of Pittsburgh, appeared for the applicants for a certificate to acquire a plant at Chicago to protect itself against "extortionate freight rates." Until its inbound and outbound traffic is given a river connection, he asserted, it will not increase its facilities at Youngstown.

Charges that the trunk line railroads are "strangling" industrial development of Youngstown and a contention that the situation could be improved only by giving its commerce a river outlet were made before the commission today by Frank Purnell, assistant president of The Youngstown Sheet & Tube company.

His company, said Purnell, has an investment of more than \$50,000,000 at Youngstown, but was compelled to acquire a plant at Chicago to protect itself against "extortionate freight rates." Until its inbound and outbound traffic is given a river connection, he asserted, it will not increase its facilities at Youngstown.

Phone Girls Find It Hard To Hear While Drills Dig Street

During the period that the powered drills are being used by the contracting firm to loosen the concrete base of Main st. so that conduits for the new lighting system, fire alarm system extension and police telephone system can be placed, service of the Ohio Bell Telephone Co., may not be up to the customary standard at all times, Manager H. M. Huffman said today.

When the drills are being used in front or near the Bell exchange, it is virtually impossible for the operators to hear numbers subscribers give. Some delay results at times on account of this, or subscribers are asked to repeat the number.

As soon as the drills are through, service will again be normal. However, the conduits are yet to be placed along the north side of Main st. and this will be further annoyance to the phone girls.

Chicago Woman Victim of
Brutal Murder; Man Is
Found Shot Down

Chicago, May 15.—Authorities were working today to solve two murders committed here last night. Joseph Cavarretta, 28, formerly of Utica, N. Y., was shot down in an alley by an unknown assassin. One of the two men who had been following him earlier in the evening is believed to have done the shooting.

The other murder victim was Mrs. La Rue Werpen Leonard, 26, who was hacked to death with an ax in the basement room of her sweetheart, Morris Zimm.

The latter called up relatives of Mrs. Leonard and told them he had killed her. He then disappeared.

BROOKS CONTEST GRAND PRIZE TO WAYNE MORRON

Winners Announced today
In Annual Literary
Competitions

Winners of the Brooks contest were announced and prizes awarded in assembly at the High school auditorium this morning by W. F. Simpson, principal. The contest was held last week.

Elizabeth McKee, winner of second prize in the orations last year, and first in the short stories during her freshman year, was awarded first honors in the essays. Her subject was "Clocks." Louise Smith was awarded second honors for her paper on "Watching and Wondering." Walter Deming got third prize. Deming's topic was "A Law in Cause and Effect."

Wayne Morron's oration, "Modern Justice" was selected for first honors in his group. Morron was also awarded the grand prize of one dollar for presenting the best topic in all classes. Helen Williams took second honors and Elvira Ressler third. Their subjects were "Growth of the Constitution" and "The Significance of the Constitution," respectively.

Elmira Baker won first prize in the short stories, presenting "Conversion." Ruth Moff's "Billy at the Circus" and Hilda Pietras' "The Girl Who Took a Dare" were given second and third prizes.

Judges of the contests were Miss Ruth Weaver of Alliance High school, Dr. George Gibbs of Mt. Union college, and E. E. Higgins, principal of East Palestine High school.

The prizes are awarded \$18 for first place, \$10 for second, and \$5 for third, through a fund presented annually by C. T. Brooks of Salem and Cleveland.

New Aerial Camera Will Take Pictures Of 40 Square Miles

Dayton, O., May 15.—Perfection of an aerial camera, electrically heated, that is capable of photographing an area from 35 to 40 square miles from an altitude of over five miles, was announced by Wright Field officials last night.

The new camera will be tested here within the next few weeks for high altitude work.

The new camera is 48x30x20 inches and takes photographs 9x18 inches. A magazine carries 100 films and with the special heating device to keep the shutter from freezing, is capable of taking pictures at a temperature of sixty degrees below zero.

First Air Mail
Pilot Honored
After 10 Years

Washington, May 15.—James C. Edgerton, pilot of the first mail plane in Uncle Sam's initial peace-time venture on wings, was the honored guest at the postoffice department's birthday party for the air mail today.

Edgerton, now a manufacturer's agent in the capital, piloted an old army "Jenny" from Philadelphia to Washington 10 years ago today in the first experimental flight. A consignment of mail from New York had been delivered to him by another pilot at Philadelphia. Because of the experimental nature of the undertaking it was considered necessary to break the 225-mile Washington-New York air line at Philadelphia. The flight required almost 4 hours.

Today there are 22 routes in operation over 9,916 miles of route, and the combined daily average mileage is approximately 23,000. The average combined load of mail planes is about 6,000 pounds daily.

BISHOPS' TERM FIGHT STARTED

Limited Tenure Plan Is
Taken On Floor Of
M. E. Convention

Kansas City, May 15.—Limited tenure of office for bishops of the Methodist Episcopal church today faced a bitter fight on the floor of the general conference.

The proposal that bishops in the future be elected for eight-year terms instead of for life is one of the big issues before the conference. This principle, submitted to the committee on Episcopacy in a minority report, was voted down yesterday by a vote of 216 to 132.

Division of sentiment on the proposal is so apparent, however, that Rev. Ray Allen, Hornell, N. Y., leader of the minority forces, announced he would carry the report to the floor of the conference.

Debate on the report is expected to follow the presentation of the majority report recommending the present life tenure principle remain unchanged. This majority report probably will be placed before the conference body today.

GIRL IS KILLED AT OHIO GRADE

Auto Crashes Into Train
Near Zanesville Today;
One Seriously Hurt

Zanesville, O., May 15.—Gertrude Gibson, 19, of Zanesville, was instantly killed and Mrs. Clyde Diller seriously injured when the car in which they were riding crashed into a Zanesville and Western railroad locomotive at a crossing near Norval park early today.

Clyde Diller, driver of the car, and Mrs. Lola Pennel were slightly injured.

The four were on their way to work from their homes in Zanesville to Norval Park, a suburb, when the crash occurred. Mrs. Gibson was thrown from the car under the wheels of the locomotive, the pony trucks passing over her face and head. She was dead when the train crew reached her.

Mrs. Diller was rushed to a local hospital where she was expected to recover from her injuries.

All were so badly shaken that they were unable to give an account of the accident.

Mayor Urges City Observe Ohio Week

Mayor Phil G. Hiddleson issued an informal proclamation today asking that all Salem societies, churches and organizations set aside a day next week for the observance of "Know Ohio" week.

The week beginning May 20 was proclaimed "Know Ohio" week by Gov. Vic Donahey, in a proclamation issued Monday.

Hiddleson expects to make a formal declaration for the week soon and local school and churches are expected to have special programs in appreciation of Ohio's natural beauties and resources.

Salem Girl Loses Clothes As Fire Destroys Hall At Wittenberg

SHELBY FRESHMAN
BURNED TO DEATH

Three Co-eds Injured As
Blaze Breaks Out At
Early Hour Today

Springfield, O., May 15.—One co-ed was burned to death, and three others slightly injured, in an early morning spectacular fire which partially destroyed Woodlawn Hall, small dormitory which houses 22 young women, on the campus of the Wittenberg college here.

Hilda Sipe, freshman, of Shelby, Ohio, was burned to death when she failed to escape from the burning building. College authorities expressed the belief that Miss Sipe fainted when trying to escape. The body was recovered by firemen.

First reports that said Miss Alice Olde, of Detroit, was seriously burned in the blaze were said to be untrue by the college authorities. Miss Olde is nervous and suffering from shock, the university physician said.

Loses Her Clothing

Miss Sara Schropp, daughter of Mr. and Mrs. A. H. Schropp, West Seventh st., Salem, is one of the girls who stayed in this hall.

Miss Schropp escaped without injury, although she lost all of her clothing.

Miss Mary Levengood, of Reading, Pa., suffered a broken arm when she stumbled as she was fleeing from the blazing hall. She is confined in the university hospital.

Miss Helen MacClain, daughter of former Mayor John MacClain, of Troy, Ohio, sprained both legs when she half-sid and half-jumped down the fire escape leading from a second story window.

The students fled from the structure partially clothed.

Restrain Rescuers

Other buildings on the campus were deserted when the fire broke out and the reports circulated that Miss Sipe was in the burning building. It was with difficulty that firemen restrained some of the men students in going in search of the victim.

The fire was discovered about two o'clock. It is believed to have started in the public reception hall of the dormitory. Authorities or firemen could place no theory as to the origin of the fatal blaze.

Though the whole student body crowded around the burning hall no evidence of excitement of hysteria was manifest, even by the women students.

Escape Through Windows

Miss Sipe was said to have died from inhaling the flames. The young woman was taking a teacher's training course at the college. After the body was removed by firemen it was taken to a funeral home in the city from where it will be sent to Shelby.

All of the other girls escaped through the windows. Some are reported to have jumped from the second story, but no serious injuries resulting from accident of this kind were reported.

Loss to the building was estimated at \$12,000. It is partially covered by insurance.

Neighbors Turn In Alarm

Authorities afterwards reported another injury. Miss Julia Schneider, Indianapolis, is said to have suffered a broken nose.

The alarm was spread when some of the girls, awakened by smoke, crawled out on the porch roof and began screaming. Nearby neighbors turned in the alarm.

Woodlawn Hall is a secondary dormitory. The girls, made roomless by the fire, were lodged in nearby neighbor houses.

Miss Sipe, who was burned to death, was found, clad only in her night clothes, outside the door of her room on the second floor. None of her belongings in her room were touched by the flames.

A few students slept through the excitement. The first they knew of the fire was when they awakened and found the rest of the college boys discussing the tragedy.

Classes continued today uninterrupted.

COOLIDGE SIGNS REID FLOOD BILL

Washington, May 15.—A little more than a year after the disastrous Mississippi Valley flood, the \$325,000,000 Jones-Reid flood control bill today became a law.

COMMUNITY FUND

Organized solicitation of funds for charitable purposes has been accepted as the truly economical method of carrying on a community work which is a necessity and which annually requires thousands of dollars for its successful prosecution.

That is why it is a matter of importance when the announcement is made that such a fund is to be raised, and why it is possible to successfully accomplish the purpose of the campaign in a comparatively short time. Everyone recognizes the value of a community welfare fund—and everyone gives, even though the gift may be small.

The Salem community welfare fund will be collected, or pledged, next Thursday and Friday. A working organization has been perfected. Business men, professional men, the women and the workers in the several organizations to receive aid, all have combined their efforts in bringing a comprehensive organization into being, so that when the actual solicitation is undertaken there will be cohesion, undivided effort and a knowledge of precisely what everyone has to do to make the entire organization function as a unit.

In the other days—the days of tag days, begging, bazaars and the like—each of the several worthy organizations was dependent entirely upon itself for whatever funds were raised to promote the causes they espoused. This was unsatisfactory in every way.

First it was unsatisfactory because it meant the constant begging from merchants and others, the interruption of their working forces, and the breeding of a feeling clearly foreign to the spirit which should be manifest upon such an occasion.

Secondly, the total funds raised by such hand-to-mouth soliciting never equalled the needs of the organizations, no matter how worthy the enterprise.

Then came the community fund—the organization of welfare soliciting through the medium of concentrated committees, solicitors and other workers imbued with the spirit of their work and the necessity of attaining a fixed goal each year.

The community funds have simplified welfare soliciting. They have proved their value every year since they were inaugurated. They provide one solicitation, one interruption of a man's business—and they bring in much more money than any individual effort possibly could do. As a result, community funds are considered part and parcel of welfare work in every forward looking city.

In Salem it may be said the spirit which sends community fund drives over the financial top is always prevalent. The work of the several organizations included in the campaign is widely known. Each one is functioning a little more efficiently than before and each one is doing a wealth of good in its particular field. Without them the community could not progress. Therefore, the work they are doing must go on, without interruption through lack of financial support.

The necessity for welfare work always is present. It is much sadder to give in an organized way than to give haphazard, with no knowledge whatever of the ultimate use of your donation.

What Others Say

NOT PRECISELY NEW

The voice is the voice of the Chicago chief of police but the words are the words of William Hale Thompson, mayor. It is announced that the remarkably organized criminals who have made Chicago their plaything and the wonder of the world must cease to operate. Perhaps some of the criminals are chuckling a little.

But it is more likely that the associated gunmen, pineapple tossers, booze runners, hi-jackers, racketeers, gamblers, burglars and incidental murderers, bone-breakers and educational committees will regard

the new order as something rather serious. It is generally believed that an alliance of crime and politics is responsible for Chicago's shame. With one of the partners turning against the other, the outlook is at least questionable.

It is reported that certain canny gamblers, aware that their craft can only with difficulty cover its tracks, have put their paraphernalia into temporary storage. Perhaps this is indicative of the general attitude. A brief tempest of advertised reform and then a return to the safe seas of piracy.

The police proclamation comes with all the gravity of a newly-discovered fact. The fact is that a city terrorized by criminals is not enforcing its laws. Really there is nothing new about it. Every one in and out of Chicago has known it for a long time.

The special significance is that the statement is made so shortly after the voters of Chicago repudiated the existing administration. The underworld, solid and militant, could not muster enough votes. To politicians the underworld is valuable solely for its votes. When the votes fail some one wakes up and realizes that the friendship of the underworld is in the long run more of a liability than an asset.—Cleveland Plain Dealer.

AN UNFORTUNATE HANDSHAKE

John Phoenix's loneliness and desire to make friends spelled failure for his ingenious plan to get into the United States from Germany. C. O. D. in a packing case. John has been trying to come to America for quite a while. When he first applied for a passport and a visa on the immigrant quota he was refused and he grew so discouraged that he sent all his money. When the passport was finally given him he talked the matter over with a friend and decided that traveling by freight was cheaper than on the passenger list. So the friend mailed John into a big crate and in it John arrived safely in New York. A checker on the dock, of a particularly inquisitive nature, stuck his hand through an opening in the box. Being the first apparently friendly act that had been vouchsafed him since he left Germany, John eagerly seized it and gave it a hearty squeeze. The checker, startled beyond measure, ran down the dock screaming that he had been bitten by a wild animal. Inasmuch as John had, except for the passage, complied with the immigration laws, it would seem as if some way might be found to overlook his method of entry. The officials of the steamship line are more amused than angry over the ingenious manner in which John sought to evade buying a ticket and are reported as willing to help him obtain work. It will be too bad if the arduous trip in a packing box from Germany to the United States has been taken by this smart lad in vain.—Washington Star.

KEEPING THE BREATH FREE FROM OFFENSE

By Royal S. Copeland, M. D.

United States Senator from New York. Former Commissioner of Health, New York City.

There are two things which we like to dodge. Fortunately, one of these—snoring—is practiced in seclusion. On this account we do not run amuck of it except on a sleeping car, or in a thinly partitioned summer cottage.

DR. COPELAND

But the other—bad breath—we cannot escape. A clerk in the store, a neighbor in the street car, a fellow pupil in school, and even the doctor or the lawyer may be afflicted. Hardly a day passes but from some casual contact each of us must endure at least a passing whiff of bad breath.

Many persons are painfully conscious of their own affliction. They dread to face people and may even avoid all social indulgence, because they know they have bad breath.

There are several causes for offensive breath. All of them relate to the nose, mouth and digestive tract.

Taking these organs in the order mentioned, we find that certain types of catarrh may impregnate the breath with disagreeable odors. One disease of this sort is known as "dry catarrh." Crusts and scabs form in the nose. These become the breeding place of germs and fermentation. As the material decays it becomes very offensive.

To get rid of bad breath due to catarrh there must be appropriate treatment of the nose and of the cavities, known as the nasal sinuses, which open into the nose. Special care is needed in such cases. Decayed teeth and pus-infected tonsils are other causes for this trouble. No sensible person will neglect disturbance of mouth or throat. It is not alone to make the breath sweet that attention should be given to such defects. It should be given to guard the general health and even the very life.

Indigestion, especially those forms of indigestion associated with habitual constipation, is one of the most common causes for bad breath. A healthy baby is as sweet as a rose and the breath of a well child is like

new mown hay. Let a baby or an older child suffer from gastric fermentation or constipation and the breath becomes offensive.

The last factor I shall mention is one rarely included among the causes of this disagreeable symptom. I refer to a heavily coated and offensive tongue.

Some persons have rough tongues, with very uneven surfacing. Food debris and bacterial growth lead to decay and offensive odor. Scrape the tongue with the bowl of an inverted spoon, a piece of whalebone or a special tongue scraper. You will be surprised at the quantity of material you remove.

Keep the teeth clean. Scrape the tongue daily. Wash out the mouth and gargle the throat, with some pleasing solution. With these precautions you should have sweet breath.

The First Rule of a Well-Ordered Home

THERE is a rightful share of profit for you in each dollar you earn — a share that is often hard to find and harder to keep.

But unless you do, what hope have you for a happier, larger family life tomorrow when demands and even opportunities may be greater and more important than today's?

The first rule for every well-regulated home should be the simple precaution of taking a definite portion of each pay and depositing it in the bank. May we help you adopt the plan of paying yourself and family first?

AMERICAN NOW RUNS BIG DAILY PAPER IN PARIS

Paul Dupuy's Widow, who Was Helen Brown, heads Picture Paper

Paris, May 15.—Few people perhaps know that an American woman is personally conducting one of the greatest newspaper enterprises in the world. Madame Paul Dupuy, formerly Helen Brown of New York City, widow of the French senator who made "Le Petit Parisien" that most popular sheet in the world, has taken over her husband's interests and is controlling the "Excelsior," the leading illustrated paper on the continent, as well as the "Dimanche Illustré," an illustrated Sunday edition, much read by the younger set.

"I have always been interested in newspapers," says Madame Dupuy. "I believe all Americans are born with a leaning toward them. When I was just a school girl I remember being taken to visit the offices of 'The World' and 'The Sun' and from that day on I took a keen interest in everything in the news line.

Married Publisher

"Perhaps that is what brought me to Paris finally where I met my future husband. We married when I had finished my schooling and I then had the opportunity to see the inner working of a great newspaper enterprise."

Senator Dupuy, who was well-known on both sides of the Atlantic, was the first editor to give his public the best news, the best pictures and the best advertisement. His motto was to render service and truth, as well as information.

Madame Dupuy, who now sits in the same office which first saw the elder Dupuy and then his son, Paul, is not alone in her big undertaking. With her are her three charming children, Jean 18, Jacques 17, and Gladys 16, who are all three following in their father's footsteps. Their mother is training them in traditions. They are learning the business by working inside the office like other employees. Later they will go to America for further training in newspaper work. For Madame Dupuy, in spite of her long life in France, still thinks that many of the best things come from America.

Tireless Worker

A tireless worker, this American woman did not ever let a recent operation stop her from performing her duties. By means of a private switchboard adjoining her study, she kept in constant touch with her office and controlled the business while convalescing.

As chic as any Frenchwoman who walks in the Bois, with beautiful silvery-white hair and sparkling, brown eyes, Madame Dupuy is a far cry from the picture of the old-fashioned feminist. She is, however, a modern booster for women and a great admirer of her sex.

"My life over here," she affirms, "has helped strengthen my admiration for all women, and particularly for French women. They work so hard and accomplish so much behind the scenes."

WASHINGTONVILLE

One hundred attended the Mothers and Daughters' banquet, at the Methodist church, on Friday evening. After the banquet a program was enjoyed. The following was given:

Opening song; prayer, Mrs. Samuel Tingle; greetings, Mrs. C. R. Taylor; recitations, Doris June Fieldhouse, Lillian Tingle, Elaine Bell, Vera Vaughn; reading, Fern Riddle; piano solo, Nellie Beck; solo Mrs. Raymond Smith, of Leontina; address, Mrs. Church of Lisbon; closing song.

Mrs. Clarence Wise entertained the Thursday afternoon club at her home. The hours were spent socially and with needlework. The hostess served lunch. In two weeks, Miss Erma Culler, will entertain in her home.

The Sunday school class of girls taught by Miss Grace Weikart, entertained with a Mothers' day program after the regular session of Sunday school on Sunday at Trinity Lutheran church. The following program was given: Song by the class; recitation, "Mother," Mildred Hawn; recitation, "Baby Your Mother," Betty De Jane; recitation, "Friday Afternoon in Our School," Helen Mathey; vocal duet, Theima Isenmiller and Arlene Girard; recitation, "Mothers' Day," Lila De Jane; recitation, "Just Break the News to Mother," Agnes Murphy; piano solo, Arlene Girard; recitation, "Johnny Gets Ready for Company," Myrna Herrman; a tribute to mother, by the class; closing song.

Milton Probert and friend and Mr. and Mrs. James Reardon of Pontiac, Mich., were callers Saturday evening in the home of Mr. and Mrs. Curtis Grindle.

Word has been received here by relatives that Mr. and Mrs. Curtis C. Hoffman, daughter Gladys and son John, well known in this vicinity, and now residents of Arcadia, Calif., spent a few days at Death Valley last month. The trip was made by way of Palmdale, Lone and Stone Pipe wells. The return trip included Furnace Creek and Dante's View to Barstow. Mr. Hoffman states that in all his traveling which includes 37 states in the United States, parts of Canada, Mexico, Cuba, Egypt, Austria and Italy, he has never seen anything to compare with Death Valley.

Mr. and Mrs. Noble Neff of Salem and Mr. and Mrs. Ralph Ford and daughter, Lenora, spent Saturday evening in the home of Mr. and Mrs. Elmer Carn at Canfield.

Mrs. Catherine Fitzsimmons entertained her nephew, Donald King and his wife of Los Angeles, last week. The Kings are making a tour

of the country and will return to their home by boat through the Panama canal.

Mr. and Mrs. C. H. Bowman were Youngstown callers on Wednesday. The ball game on Sunday, between the Married Men and High school, resulted in a score 14 to 6, in favor of the married men.

The second game between the married men and ex-High boys resulted in a score of 12 to 8, in favor of the married men.

Mr. and Mrs. Harry Jones and daughter, Inez, of East Palestine, were callers Saturday evening in the home of Mr. and Mrs. Walter Warner.

COURT NEWS

Court Decisions

In the case of John London against Harry and W. W. Crubaugh, judgment for \$550.31 has been rendered in common pleas court against Harry Crubaugh the principal debtor. W. W. Crubaugh was surety in this case, the original claim being for \$496.

The report of the commissioners has been confirmed in the partition action filed by John Kirchartz against Katherine Kirchartz and others. A sale has been ordered in this case by the court.

Dismissed by the plaintiff at his costs is the entry in the \$10,000 damage action filed Aug. 12 last, by E. E. Groves against Mrs. Zora Trotter.

A motion for a new trial has been overruled in the \$15,000 damage action filed in common pleas April 13, 1927 by Gertrude Picklinger against Clarence Wright, and in which action a jury returned a verdict for \$1 and costs in favor of the plaintiff April 20 last. The exceptions of the plaintiff has been entered. The court has entered judgment on the verdict against the defendant.

Judgment on the verdict in favor of the defendant has been entered by the court in the case of Frank Banker against the Y. & O. Railroad company. Banker sued for \$35,000 damages, and May 4 last, a jury returned a verdict in favor of the defendant.

Motion for a new trial has been overruled in the case of Virginia Hamilton against the Chester Construction company, and judgment for \$250 entered against the defendant on the verdict returned by a jury recently. The plaintiff sued for \$10,000 damages, the petition having been on record since March 2, 1926.

In the case of Orval Shaw against O. H. Shaw, as administrator of the estate of A. H. Shaw deceased, a motion for a new trial has been overruled, and judgment on the verdict for \$85.50 entered in favor of the plaintiff. In this action the plaintiff sought \$293 as due him for services rendered.

Carry Case Up

The McMahon Piano Co. has taken an appeal from the court of Justice of the Peace Charles Bonnell at Salem in its case against Raymond Christin, wherein the lower court awarded judgment for \$150.85 in favor of the plaintiff. In this case a judgment for \$240 was sought. An appeal bond of \$400 has been filed.

Three Divorces Granted

On the grounds of gross neglect of duty, a decree of divorce has been granted Grace S. Lisle against her husband Gordon Lisle, and upon payment of the costs. In this case the plaintiff has been restored to her maiden name Grace Lurles, and the court has entered a decree barring the defendant from any dower right in property that may be possessed by the plaintiff.

Gross neglect of duty was set up in the divorce petition of Pauline Tweedale against her husband Edward S. Tweedale, and Judge W. F. Lones granted a decree following the trial of this case. There has been an agreement between the parties as to alimony, which is to be made a part of the journal entry, and approval by the court.

In the divorce action filed by Alice Norton Against her husband, Samuel Norton, the charge of gross neglect of duty was proven to the satisfaction of the court, and a decree entered in favor of the plaintiff. Norton has been ordered by the court to abide by an order entered March 30 last to pay his former wife \$5 per week alimony for one year. The maiden name of Alice Muldoon has been restored to the plaintiff.

MISS PANKHURST GIVES VIEWS ON LEGAL MARRIAGE

Says Society Today Tends To Belief In Mutual Aid Relationship

BY E. SYLVIA PANKHURST

London, May 15.—The modern form of legal marriage originated in the period when a wife was a mere part of her husband's property; her own possessions and earnings being absorbed in his.

Marriage at the beginning of the nineteenth century was, for women, a cruel condition of slavery, so far as the law was concerned. Happily its hardship and injustice were in most cases largely glossed over by love. Good men treated their wives much better than the law allowed. Since that time the law in this country and many others has been substantially reformed.

As Legal Contract

Marriage as a legal contract, as it is in this and most modern countries today, is a natural development of a society based on private property regulated by law. But marriage, like everything else, is changing.

Isben and Thomas Hardy and other great novelists have long been tilting at the old cast iron legal marriage. William Morris went further than any of them.

I do not consider that marriage should be the subject of legal contract. It should be a free union of mutual agreement.

I believe that society is tending away from its present private property and capitalist production basis towards a cooperative organization in which eventually, by mutual aid, production will be for use not for profit, and there will be plenty for every member of the community. In such a society the difficulties which may today face a woman who elects to take an independent stand would not exist. In such a society marriage of love unaffected by material consideration would be general.

Law Small Aid

A woman who contracts a free union today must realize that the law will be of small assistance to her should the free father of her marriage refuse to take his share in maintaining their children.

On the other hand the legally married wife of a man determined to shirk his responsibilities is often obliged to recognize that the law has been unable to compel him to support his children. The unmarried wife has the advantage of maintaining her nationality—an important point nowadays—and of being the legal parent and guardian of her child.

WAR FOR U. S. IS NOW PREDICTED BY ASTROLOGIST

Paris, May 15.—One of the worst wars in history is predicted for the United States between the years 1940 and 1943 by Evangeline S. Adams, world-known astrologist, sojourning in Paris on her way to Berlin.

"This war will be religious, racial and economical," says Miss Adams, "and will be disastrous and devastating in its results. Every time that Uranus enters the circle covering America, a war breaks out; the War of Independence and the War of Secession are two proofs of this fact."

For France, Miss Adams sees better times ahead. She thinks the French will have a few dark days, but in general, a good time is in store for them. She foresees treaties of friendship with Germany and Italy and no serious war clouds on the horizon.

Asked if she had studied the destiny of the dictator of Italy, Miss Adams replied that the horoscope of Mussolini was very simple and resembled that of Napoleon to a striking degree.

"If Mussolini is still head of the state in two years," she added, "he will do great things, but—"

"But what?" the correspondent eagerly asked.

"That is all I can tell you. Besides, he knows what he is about. Do you realize that he never makes a move without consulting an astrologer, personally attached to his suite?"

Astrology is never wrong, she affirms. The only mistake is made by the astrologer who, when figuring out mathematically the position of the planets to learn of the thing desired, sometimes makes an error in detail.

SOCIETY

Struthers Girl To Entertain During Elks' May Party

BETTY VANNAN

Betty Vannan, 12-year-old Junior High school pupil of Struthers, who is headed for the professional vaudeville stage as soon as she completes her schooling, will be one of the special entertainers at the May party of Salem lodge No. 305, B. P. O. Elks, at the Elks home Friday night.

Betty will appear before the mid-night supper, and she probably will be accompanied by her father, also in costume. James Vannan, her father, has composed many Scotch songs, and these his daughter sings while wearing the Highland costume.

The young stage star started to sing in public at the age of five. Since then she has appeared in Keith-Albee houses, and has broadcast over the radio.

Final arrangements have been completed for the May party which will be the closing social event of the season of the lodge. Dancing will begin at 9 p. m., and continue until a late hour. Finley's Melody band will play.

Music Study Club

Miss Hilda Franke gave the chapter and questionnaire from the study book, "Epochs in Musical Progress," at a meeting of the Music Study club Monday afternoon at the home of Mrs. James P. Hayden, South Penn st.

Mrs. S. J. Menzel opened the program by singing a group of solos, "The Year's at the Spring," "Mighty Lak a Rose" and "Rosary."

Two piano solos, "Ronda A Capriccio Op. 129," and "Pastorale," were contributed by Mrs. Paul Covert.

Mrs. A. B. Hobson sang two solos, "Under the Rose," and "I Heard a Cry."

This was the last regular meeting of the season. The club will have its annual Guest day, although the date for it has not been set.

Marriage Licenses

A marriage license has been issued to Harold C. C. a barber, residing at East Liverpool, but formerly of Wellsville, and Miss Goldie Rohrbach, daughter of Mr. and Mrs. T. H. Rohrbach, married of East Liverpool. They were married by Rev. J. M. Cameron of the Lisbon U. P. church.

L. E. Snyder of East Liverpool and Helen Sator of Wellsville, a telephone operator, daughter of Mr. and Mrs. J. E. Sator of Wellsville have been granted a marriage license. They are to be married at Wellsville by Rev. E. J. Gracey.

Four-H Club

The Successful Workers girl Four-H food club met Saturday afternoon at the home of Mrs. Ralph Huston, south of Salem. The leader and Ida Mae Hillard is assistant leader.

The members of the club are: Harriet and Christine McCarty, Ruth Glass, Janita Grubbs, Hazel and Alice Vincent, Lucille Hillard, Thelma Clark and Violet and Alberta Myers.

The members will meet Saturday afternoon with Mrs. Huston.

The Bethel class of the Methodist church will hold its social meeting Thursday afternoon at the home of Mrs. E. M. Peters, 41 Highland ave. The annual election of officers will claim attention at this time.

Miss Eleanor Votaw and Miss Camille Whinery left Tuesday morning for Pasadena, Cal., where they will spend the summer. They expect to stop at the Grand canyon on the way. Miss Whinery will join her parents, Mr. and Mrs. Wesley Whinery, who have been in California since March, and Miss Votaw will visit relatives.

Louis Hole and family, of Pittsburgh, and Ernest Hole, of Wooster, returned to their homes Monday evening after spending Sunday at the home of Mr. and Mrs. W. R. Hole, Ellsworth ave.

Mr. and Mrs. Patty Gimmelli, Lincoln ave., have moved to Youngstown where they will make their home at 456 Princeton ave.

D. OF V. MEETING

Three candidates were initiated at a regular meeting of the Daughters of Union Veterans held Monday evening. There was a large attendance at this meeting.

Plans for Decoration day were discussed and they will be completed at the next meeting.

On May 27 members of this tent will attend church service at the Baptist church.

After the business meeting a program in keeping with Mother's day was given and Mrs. Litty was presented a plant. A lunch was served by the social committee.

W. C. Boyle and Miss Gail Bolger, of Cleveland, spent Sunday with his sister and husband, Mr. and Mrs. George Campbell, McKinley ave.

Mrs. T. C. Read, Garfield ave., left Tuesday morning for Washington to spend a few weeks with Mrs. B. F. Ambler.

Mrs. C. P. Scott, Washington st. who is ill at the Central Clinic hospital, is slightly improved.

THREE ARE HURT AS SLATE FALLS

East Liverpool, May 15. — Dallas Toubell, 55, miner for the Martin Coal company, and his two sons were injured when buried under a fall of slate in the Martin mine near the Y. & O. sub-station, three miles north of East Liverpool Monday.

Toubell, who was crushed about the abdomen, was removed to the City hospital where he was attended by Dr. Turk. His two sons were also brought to the hospital, but were discharged after receiving medical treatment.

The three men were working in the mine when the accident occurred. Other workmen extricated them.

NOBILE BEGINS POLAR FLIGHT

Oslo, Norway, May 15 — Gen. Umberto Nobile, Italian arctic explorer, hopped off this afternoon at King's Bay, Spitzbergen, in the polar exploration balloon, Italia, for the second attempt to explore Nicholas II land and perhaps fly over the north pole itself, said a radiogram from King's Bay.

Deny Reports That Fliers Are Recalled

Berlin, May 15.—Government officials today denied reports that Captain Koehl and Baron Ehrenfeld, Von Huenefeld, the German trans-Atlantic fliers, had been recalled to Germany.

They stated that the fliers had merely been queried as to how and when they intended returning so that a reception program could be planned for them.

The German government has no intention of shortening the fliers' stay in the United States, the officials declared.

Adolph Menjou To Marry Wednesday

Paris, May 15.—Adolph Menjou, moving picture actor, and Miss Katherine Carver will be married tomorrow morning in the city hall of the sixteenth arrondissement by Dr. Pualet.

MELLON

(Continued from Page 1) usually harsh words and dissension, but that opposition usually evaporates after the convention. It was true of the Garfield campaign, he observed, and he believes it will be true of the approaching campaign.

Nevertheless, the hard-hat "allies" are going to push the "Hoover-cant-win" line of attack vigorously for the next four weeks. It is their one big hope of stopping the cabinet candidate-to convince the party that Hoover cannot carry the rebellious grain belt states and that he will lose to Al Smith in the populous and wet Eastern states.

Norbeck Leads Attack
The two South Dakota senators, Norbeck and McMaster, are persistently pursuing this line of attack. The Republican party, McMaster said, has always had to rely upon the "normally Republican" states of the Middle West to put it in power and keep it there, and in his opinion the support of the corn belt is all the more vital this year because of Al Smith's admitted strength in the east.

In substantiation of their argument of Hoover weakness in the Middle West, the South Dakotans point out that between the Ohio-Indiana line and the Rockies Hoover has been able to garner less than a score of delegates in a dozen states, despite the fact that the Hoover managers have conducted energetic campaigns in most of them.

In Indiana Hoover has no delegates, in Illinois none, in Iowa he has two; Kansas none; Minnesota six; Nebraska none; South Dakota none; North Dakota none; Oklahoma none; Wisconsin four and Missouri six. That is a record of weakness which "the allies" believe should give the party leaders considerable pause. In any event they plan to harp on it pretty continuously right down to the point where the voting begins at Kansas City.

MRS. DOBELL IS GLENNA'S VICTIM

American Continues Her March To British Golf Crown

Hunstanton, Norfolk, Eng., May 15.—Continuing her march toward the British Women's Golf championship, Miss Glenna Collett, the former American champion, today defeated Mrs. Temple Dobell of England, who was American champion in 1913, four up and two to play.

Miss Collett was three up on Mrs. Dobell at the turn. The first two holes were halved, Miss Collett winning the third when Mrs. Dobell hooked into the rough near the green. The fourth was halved, and Miss Collett won the fifth although she overran the green into a bunker. Brilliant second shots took both over the guarding bunkers at the dog-legged sixth, and the hole was halved in fours, to the applause of the crowd around the green. The seventh was halved in fives, Glenna winning the eighth although she missed her first putt by an inch. Glenna hooked into the rough at the ninth, but recovered to halve for another five.

Glenna dropped the tenth hole when she overran the green and both required sixes to halve the 11th. At the 12th, Miss Collett's second shot hit Mrs. Dobell's ball. The referee replaced Mrs. Dobell's ball, and although Miss Collett narrowly missed a long putt, she won the hole 5 and 4, to become three up again. The 13th was halved, at the 14th Glenna narrowly missed a 15-yard putt, winning 3 and 4. She dropped the 15th, and won the 16th 3 and 4, when her tee shot dropped neatly on the green.

Miss Collett's first opponent tomorrow will be Miss Mabel Wragge, a Yorkshire girl who is regarded as the best player in the north of England.

SIX WYOMING VOTES HELP AL

Casper, Wyo. May 15.—The six-Wyoming delegates to the Democratic national convention were instructed here today to cast their votes for Gov. Al Smith of New York for presidential nomination and for Nellie Taylor Ross, first woman governor of Wyoming, for nomination as vice president of the United States.

The state Republican convention held at Thermopolis voted to send unimpaired delegates to the national convention.

Home For Aged Women

The board of the Home for Aged Women makes the following report: "In the many years since the Home for Aged Women was established, it has provided a home for 65 women.

In that time, an endorsement fund has been gradually accumulating which now nearly affords sufficient funds to meet the household necessities of the Home by careful management, but is not enough to meet the assessments for the paying of Washington st. or for any repairs or upkeep of the building. Practically nothing has been done since the war, consequently it is much in need of funds, as the building is old and in need of improvement."

A PERSONAL MESSAGE

Mr. Levenson, of the Reichart Furniture Co., Inc., announces a drive for 5,000 new customers by launching a Great Home-Furnishing Event.

He states that there will be a plentiful supply of all special advertised during this event. That, if by any chance, special items should become exhausted, orders will be taken and items will be delivered at a later date at the same special prices. The only inconvenience the customer would incur, would be a short delay.

Free gifts will be given away during this drive and many extra specials will go on sale daily. People who wish to save should watch the paper daily during this great event. Reichart Furniture Co., Inc., 30-32 Main St. — Advt.

OBERLIN VOTES FAVOR HOOVER

Mock Convention Held On Campus; Urge Keeping Marines At Home

Oberlin, O., May 15.—Herbert Hoover today held the largest number of votes pledged by Oberlin students last night to seven presidential candidates in a mock Republican convention here.

Indications pointed to 400 votes being marked for Hoover with Lowden, Curtis and Norris in a close race for second place, with approximately 200 each. Nominations were to be made today.

Delegates to the mock convention adopted a platform plank favoring withdrawal of U. S. marines from Nicaragua.

Congressman James T. Begg of Sandusky, seeking the Republican nomination for governor of Ohio, served as keynote speaker at the convention, and discussed national defense. He assailed those advocating cancellation of war debts.

Incidentally Begg is a real, not a mock candidate.

QUESTION—"Is the Allison liable to get out of order often?"
ANSWER—"No, it is practically impossible for the Allison to get out of order, because it has no belts, valves or gears to break. All its working parts are sealed in a bath of oil, so there is no need to bother with them. Unless there is an accident, the Allison should operate quietly for years."

Markets

CURTIS IS FEATURE

New York, May 15.—Curtis A. Rose, who jumped 10 1/2 points to 165 and featured the opening of the stock market today.

Prices were generally steady. Motors were strong with Studebaker the feature. In an initial sale of 60,000 shares this stock advanced 4 1/2 to 71 1/2. Hupp was up 1/2 at 57 1/2, and Mack Trucks rose 1/2 to 88 1/2. The oil and rails were steady and fractionally changed. Missouri Pacific at 65 1/2 was up 1/2, and New York, New Haven & Hartford at 62 1/2 was up 1/2. Maryland Oil rose to 40 1/2, up 1/2, and Standard Oil of New Jersey gained 1/2 to 46 1/2.

Public enthusiasm for transportation stocks of all varieties, airplane, automobile and railroad, boomed aggressively in the stock market at the beginning of trading today. Curtiss responded with a new 10 1/2-point jump to 165 to the reports that Pennsylvania railroad would establish an air passenger service in conjunction with its coast-to-coast passenger transportation business, and Wright Aero sold up 7 points at 204 in active trading.

Studebaker took the palm in the automobile group, a block of 60,000 shares raising the day at an advance of 4 1/2 points at 71 1/2, the stock subsequently advancing to above 72. Chrysler reacted 2 points on profit taking, but the stock was in active demand.

Higher prices for copper metal, with a reported shrinkage in the volume of stored red metal in the American markets stimulated strong buying of the copper stocks. Anaconda, American Smelting Nevada, Cerro de Pasco, Magna and other well-known copper stocks continued the sharp rally, which started near the close of Monday's market. The New York Utility stocks were inactive and featureless while awaiting definite announcement of the merger terms between Consolidated Gas and Brooklyn Edison company. The rails were firm, with high grade dividend shares in demand.

Call money was unchanged at 5 1/2 per cent and commodity markets displayed narrow price changes in the early trading.

West Township Has Sunday School Meet

The West Township Sunday School convention was held last week at the New Alexander Christian church.

This convention marked the 33rd milestone in the history of the association. West township has the distinction of being the only township in Columbiana county that has continued to hold its conventions regularly despite the fact that the county work has been disorganized part of the time.

It is the one township in the county where Sunday schools have all paid up their county apportionments.

The association officers are: President, Wilbur Hirst, Bayard; secretary, Miss Alice Wickham, East Rochester.

West township's next Sunday school convention will be held in Bayard on Oct. 17 and 18.

UNIQUE DRIVE IS OPENED BY REICHAUT CO.

The Reichaut Furniture Co. wants many new customers—to be exact, it wants 5,000 new customers—and it is announcing a unique sale to get that many people to visit its new store in the former Spindel block, Main st.

In another section of this paper the Reichaut company is advertising special values which will be offered during this drive for new customers. In addition, it is issuing "get acquainted" checks which will be accepted as part payment on purchases. And with every purchase some suitable gift will be presented.

The Reichaut Co. is the successor to the National Furniture Co., and since locating in Salem about five months ago, it has not only opened a fine new store in the rooms formerly occupied by the Spindel shoe store, but has built up a steadily increasing business, which it hopes to enlarge greatly during this special event.

Two Small Sections Of Highway Opened

Two small sections of the East Liverpool-Youngstown road in St. Clair township have been opened to traffic, although new concrete was poured a week ago. Both new sections are a "Y" at Township Line school and another "Y" at Apples Corner.

Lewis & Copeland of Lima have completed their contract on this road with the exception of the opening of the new bridge at Cannons Mills. The equipment of this firm stored at substitution siding has been loaded on cars for shipment. It will be two weeks before this road is opened north as far as the new concrete bridge at Williamsport.

RADIO BEACONS DANGER TO AIR PILOTS SOLVED

Special Antenna Is Used
To Combat Distortion;
Eliminates Shifts

Washington, May 15.—Night time variations of signals from directive radio beacons, tending to throw airplane pilots off their course have been under intensive study at the United States Bureau of Standards, with the result that this serious aeronautical situation has been solved.

"This shifting of the radio course is due to a distortion that is introduced in radio waves as they travel through the upper atmosphere," the Standards Bureau announced.

"The nature of this distortion has been able to analyze it satisfactorily. By using special antenna arrangement for receiving it has been found that these shifts can be practically eliminated."

Long Experiments

The Bureau carried on experiments in directing airplanes in flight between Cleveland and New York, using the directive radio beacon at Bellefonte, Pa. Shifts or variations in the course were found to exist during the night time which introduced such serious errors that the beacon indications were considered dependable for distances exceeding 50 miles at night in mountainous territory.

This phenomenon was referred to the Bureau by the Aeronautical branch of the commerce department.

"Airplanes heretofore have found it necessary to use long trailing wires for radio antennas in order to collect enough power to operate receiving sets," the statement said. "Such antennas by reason of their hanging down at a slanting angle do not have the necessary characteristics to eliminate the effect of false radio course indications at night."

"A new type of antenna consisting of a vertical ten-foot metal pole has been developed by the Bureau of Standards. The use of so short an antenna has been made possible by the development of a new and specialized type of aircraft receiving set."

Boom To Aviation

"This antenna is expected to be a great boon to aviation as recent flight tests have indicated that it practically eliminates all errors in the indications of the radio beacon, showing the course where it actually is at all times."

Bureau experts explained that it

is probable that there will be special conditions on some of the airways requiring the radio beacons to be spaced closer together than at first contemplated with corresponding reduction in the power used by each.

At short distances there is no distortion of the course indication. Thus it is expected that the combination of the new antenna with this plan for closer beacon spacing will eliminate these night effects and make the radio beacon an accurate device for air navigation under all conditions.

Reno Divorce Mill Doubles Its Output During Last Year

Washington, May 15.—America's great divorce mill at Reno, Nev., more than doubled its output in 1927.

The courts of Washoe county terminated the wedded "bliss" of 1,693 couples. Census bureau figures announced today showed that in 1925 only 753 divorces were granted at Reno.

According to population ratios the out of every 40 residents of Nevada obtained official separation during the year, while in 1926 the proportion was one out of 77. The ratio for Reno was vastly higher.

Kingston, Ont.—Five minutes after Archibald Staley, 83, of Wolfe Island, was removed from the operating room at the Hotel Dieu, after having undergone an operation for appendicitis, he was sitting up in bed enjoying a cup of tea and a piece of toast. Dr. I. G. Bogart, who performed the operation, used a local anesthetic.

LEETONIA

The marriage of Atty. De Vere F. Grapp, Leetonia, has been made public. The wedding occurred Nov. 25, 1922, in New Castle, Pa., the bride being Miss Ruth De Witt, daughter of Mr. and Mrs. G. B. De Witt of Dunkirk. Atty. Grapp is collector of the village and the young people will make their home here after May 21.

On Sunday morning in St. Paul's Lutheran Sunday school, Mrs. L. R. Frederick and Mrs. Homer Peppel, who had attended the Columbiana County Sunday School convention at East Liverpool, on Friday, as delegates, gave a most excellent report of the proceedings and address at the convention. The superintendent of the Sunday school, I. F. Mellinger, had also been present and gave an address on Friday evening. Mr. Mellinger was honored by being elected vice president of the association.

Mr. and Mrs. Dayton Hart and daughter, Miss Kathryn, of Beaver Falls, were visitors, Sunday in the homes of the former's parents, Mr. and Mrs. Grant Hart, and Mrs. Hart's mother, Alice Hendricks. Mrs. Nellie Little, her daughter Darline, and Frank Waddell, were Warren visitors on Sunday.

The eighth grade pupils have been holding a party each month at the close of school on the first Friday of each month and those whose birthdays came the month before brought the lunch for the others of the grade. Friday evening the last party of the school year was held. Those having to treat the others were: Katherine Younger, Mildred Frederick, Margaret Marshall, Angelo Perry and Paul Rauch, they having birthdays during last month. The afternoon after the school session was enjoyed in games and contests. Among the prize winners were Mrs. Tillie McNulty, the eighth grade teacher and Clyde Patterson.

The Misses Hazel and Mabel Reppe, who were guests in the home of Mr. and Mrs. William Pails last week, have returned to their home in Indiana, Pa.

Atty. H. E. Anderson and son, H. E. Anderson, Jr., of Elk View, W. Va., visited Friday and Saturday in the home of Mr. and Mrs. Pails.

Miss Anna Nicolette went to Youngstown on Saturday for the afternoon and evening.

Calvin Tietler was in Youngstown from Friday until Sunday evening, visiting in the home of Mr. and W. B. Halverstadt.

Mr. and Mrs. George Ferguson and son George, Jr., of Warren, were guests from Friday until Sunday in the home of Mrs. Ferguson's mother, Mrs. Lydia Weaver and Dr. and Mrs. H. C. Brillhart.

ATHEIST AWAITS JAIL SENTENCE

Smith, Convicted Tells of Sending Nude Pictures To Dr. Straton

New York, May 15.—Charles Lee Smith, president of the Association for the Advancement of Atheism, today awaited sentence, following conviction in special session court of sending "slandering and atheistic" letters and literature to Dr. John Roach Straton, noted fundamentalist leader. Smith is to be sentenced Monday, and is under \$500 bail.
The trial yesterday shed new light on the personal feud which has been in progress between the two men for many months. Smith, an attorney, cross-examined Dr. Straton himself. He asked if it were not true that the clergyman is prejudiced against atheism.
"I am very pitiful for them and have no prejudices," Dr. Straton answered.
Smith also testified, and denied that Dr. Straton had warned him to discontinue sending his literature through the mails to the minister. He admitted sending pamphlets to the minister, dealing with atheism and birth control, adding that "I wanted to convert Dr. Straton to atheism and sex sanity, which would be a great advantage to the cause."
Smith said he received large quantities of religious pamphlets and had never thought of protesting against such propaganda. Asked why he had sent nude pictures from a magazine to the clergyman, Smith answered, "I wanted to appeal to his aesthetic side, if he had any."

Salem Will Stage District Meet At Reilly Field Saturday

EXPECT THIRTY TEAMS TO ENTER ANNUAL EVENTS

Five Places to Count In Each Event; Two Classes In The Meet

SILVER TROPHIES FOR BOTH WINNERS

Salem Winner Last Year At Massillon; Entries Closing Today

Salem High school and the city of Salem will be hosts to the second gala athletic gathering Saturday in as many weeks, when 30 schools from the southern section of northeastern Ohio gather at Reilly stadium for the annual district field and track meet.

The county meet presented a large gathering of spectators and athletes, but inasmuch as the schools represented in that meet numbered one-fourth as many as will be in the meet here Saturday, it was small in comparison.

More than 20 schools were entered in the meet up to last night, but several more are expected before entries close late today.

Both Class "A" and "B" schools will be entered and will compete in their respective classes.

A silver loving cup is awarded to the winner of both classes. According to the ruling recently passed by the Ohio high school athletic association, Class A schools include all four-year high schools with 135 or more boys in attendance, Oct. 28, 1927.

Clearing up the discussion as to how many events an entrant may compete in, the bulletin issued by the state association, which rules govern the district meets in the state, states that "no one may participate in more than four events. No boy shall take part in more than three track events. The boy who runs either the mile or 800 shall compete in only that event and one other track event."

Count Five Places
No one can compete in more than two track events if he runs either the mile or 800, but may run any other three track events, as the 100, 220, and 440, or either hurdles and any other dashes. The relay is counted as a track event.

The entire meet is governed by the rules fixed by the track and field rules of the National Collegiate Athletic association.

Points in the meet will be scored five for first place, four for second, and three and one for third, fourth and fifth, respectively. Awards to winners of the first three places are made by the state association and fourth and fifth place winners presented ribbons by the Salem High association. First, second, and third place winners are awarded gold, silver, bronze medals.

The district's representatives at the State meet which will be held at Columbus, May 25-26 will be chosen at the meet Saturday. To be eligible to enter the state meet, it is necessary for all contestants to qualify in the meet Saturday.

The schools placing first, second, and third are automatically selected to represent this district in the state meet. This ruling includes both Class "A" and "B."

Last year's district meet was held at Massillon, Salem winning first place easily.

Reigh Count Rules As Heavy Favorite For Derby Next Saturday

BY DAVIS J. WALSH

New York, May 15.—The still, small voice of doubt concerning those 10 to 1, 6 to 1 and even 4 to 1 future bets on Reigh Count's nose in the derby was almost no more this morning. It has been lulled into a sense of comparative security by the Count's impressive performance in winning the Mammoth Cave purse yesterday under 118 pounds and well restrained in 2:05 2-5 for the mile and a sixteenth. He went on to Saturday's distance under equal restraint in 2:05 2-5 and full many a future derby will be won in time no better than that.

If anything was needed to insure the fact that Reigh Count will be a prohibitive favorite in the derby, his race in the Mammoth Cave settled the matter.

It also settled that still, small voice, mostly lifted among eastern racing men in question of Ben Mitchell's training of the Hertz colt. They said Ben was arranging for the Count to leave his race on the training track by running him too hard, too often and too far in the morning works. It didn't seem to make any difference that Henley Webb used the same tactics with Black Gold and Barry Shannon did much the same with Bubbling Over. The Count was being burned up, they said, and a lot of sap money was to join the conflagration.

Favorite Usually Wins

However, a 2:05 2-5 performance five days before the big race speaks for itself. You can't go behind facts any more than you can go behind the heel of your shoe and the facts here are that Reigh Count beat some pretty good derby candidates, including Jack Higgins, Lawley and Colonel Shaw, and did it with much in reserve. His time for a mile and a sixteenth was nothing unusual but the cold obviously was not doing his running over the first half mile in trailing Dodgson, Lawley and Jack Higgins and even he was let down by Lang, he came to the pace with so little effort as to indicate that he had plenty left if he needed it, which apparently he didn't.

Anyhow, I can't see anything to

BUNION DERBY LEAVES STATE

Pavement Pounders Cross Into Pennsylvania With Payne In Lead

Ashtabula, May 15.—C. C. "Cross Country" Pyle's 55 pavement pounders tabbed Ohio as another state to their credit today as they pushed eastward from here for Erie, Pa., a distance of 45 miles and their 73 control.

Since leaving Los Angeles March 4, the survivors of a starting field of 199 have successively crossed California, Arizona, New Mexico, Texas, Oklahoma, Kansas, Missouri, Illinois and Indiana.

Andrew Payne, ruddy-checked Oklahoma youth who heads the big parade with an elapsed time of 469:39:10 for the 2,845.1 miles, displayed the mettle of leadership Monday by romping to a tie with John Salo, Pasaic, N. J.

Finishing American, on the 41.1 mile lap from Arrowhead Beach at 5:50:48, Payne thus retained his lead of 21:49:27 over Salo as a result.

The heel and toe brigade which traversed 228 miles in four days appeared little the worse for the trying ordeal, and even those who are so far behind the leaders that their chances of placing in the ten money for the prizes are regrettably dim, felt content that they would complete the trek to the eastward goal.

Comedy touches were noted increasing in the ranks during the past week, indicating that the trying ordeal of mountains, desert and seeming unending miles of pavement were not preying upon the minds of the super-athletes of the age.

Bill Downing, Los Angeles, one of the stragglers who was forced out with a bad ankle at Flynn, decided to stay with the caravan after receiving his \$100 transportation deposit.

"The old fool will do its stuff every night now in leading in the troupe before midnight," Downing said Monday night as he boarded a patrol car to round up the stragglers.

"I'll set the pace and get men in and have them pepped up by the next day."

Juri Lossman, the estonian distance flash who was second to Hannes Kolehmainen in the last Olympic games, is rated as the prize jester of the caravan. Since leaving Oklahoma City, Lossman has declined to exert himself because of the fact that no daily lap money was offered. Lossman, 53rd in the standings, clowns along until far after dark nightly. His speed enables him to run forward and back along the line and with his stop watch give the through a timed pace that will enable them to reach the control before the deadline.

"Not making any money but having lots of fun," Lossman said in his nordic English when queried as to why he did not increase his speed.

WALLACE LOSES BOUT AND CASH

Cleveland, May 15.—Following his losing fight here last night with Tommy Jones of Fremont, Billy Wallace, Cleveland lightweight, learned that more grief was to follow. He was informed that his share of the purse—approximately \$3,500—had been attached by an attorney acting for Miss Mae Payton, of Cleveland, who claims a "breach of contract."

Miss Payton's latest action follows a \$50,000 breach of promise suit filed last fall. At that time she alleged that she met Wallace here early in 1927 and that their friendship continued until Sept. 14, when "Billy suddenly stopped calling." In her petition, Miss Payton charged that Wallace made love to her and that they became engaged. She claims she is still willing to marry Wallace.

Through his attorney, Wallace issued a denial of all allegations.

Providence, R. I.—A steam power plant, which was built in 1842 is being dismantled here for shipment to Henry Ford's museum at Dearborn, Mich., for preservation as an example of early American machinery. The engine has been in use for 86 years in the local jewelry manufacturing plant.

FOX'S PINCH HIT DEFEATS INDIANS

Cubs Take Third from the Giants, Red Sox Take Browns Over

New York, May 15.—Despite the fact that they are carrying a flock of weak-hitting infielders and that the highly touted Kiki Cuyler has been a total flop, the Chicago Cubs are riding on the crest of a wave of nine straight victories today. McCarthy's gang set off a third bomb under the Giants yesterday, shoving the Giants to fourth place by defeating them 8 to 2.

The Reds drubbed the Phillies again, 8 to 4, and to their one-game lead over the Cubs. The paralyzed Phils nipped the League for four runs in the first inning and then relapsed into their customary coma. Callaghan, Cincy rookie, got his seventh hit in eight times at bat and advanced to second place in the National League batting averages.

St. Louis nosed out Boston, 4 to 3, and jumped to third place. Hafey lined out four hits.

Thirty-five players, almost

enough for four teams, participated in a see-saw contest between Pittsburgh and Brooklyn. Stutz's double gave Brooklyn a 7 to 6 margin.

The New York Yankees ran their percentage up to .300 by downing Dier it for the third time, 7 to 5. Babe Ruth got his ninth homer and George Fagnas turned in his sixth straight victory.

Jimmy Fox, pinch hitter, pulled a Frank Merriwell by smacking a home run with two men on base in the tenth inning, enabling the Athletics to finally stop Cleveland by a 6 to 3 score. Lefty Grove whiffed 11 batters and won his 11th straight game.

Washington has finally gotten started at the expense of the White Sox. The Nats nipped the Sox 4 to 2. Believe it or not, the Boston Red Sox are in sixth place. Ed Morris, Sox rookie won a 3 to 2 duel from the veteran Sam Gray of the St. Louis Browns.

AUTOMATIC ELECTRIC WASHER \$89.50

Women are Now Saving One-Third on Washing Machines

ALWAYS More for the Money

Now a new era dawns—a wonderfully equipped new AUTOMATIC factory, cutting costs of production way down—enables us to offer this

Latest and Finest AUTOMATIC at practically one-third less . . .

than you would pay for any other electric washer of comparable quality.

You May Use Your Model 20 Automatic Ten Years, Then Have It Made Like New for \$25.00

Compare It with ANY Washer—Then Judge!

A beautiful, enduring corrugated copper tub, nickel plated inside, enclosed in a sturdy steel frame of Duco grey—easily the most attractive washer you have seen. The aluminum Hydro-Disc—used exclusively on the Automatic—is one of the most successful principles for cleansing clothes ever devised. Its ease, its speed, its gentleness will astonish you.

This new Automatic Model 20 is a washing machine women will be proud to possess, and which any woman can now afford to own.

"OLD IRONSIDES"

As a motion picture spectacle "Old Ironsides," which opened last night at the Grand is excellent entertainment.

The intrepid vivacity of the brave New England Yankees who abandoned their homes and families to answer the call to arms against the pirates of Tripoli in 1804 is recorded in a masterly fashion in the photoplay. The production, which was directed by James Cruze, is based upon an original story by Laurence Stallings and was suggested and adapted for the screen by Harry Carr and Walter Woods.

It is "a great picture" and offers to the public much that is new in screen technique. Pictorially it stands as one of the most beautiful photoplays ever flashed upon the screen. For natural comedy and sincere humanness it is unsurpassed. Sensation crowds sensation.

The human note—the heart interest—the love theme stand out in "Old Ironsides" just as they did in "The Covered Wagon."

Esther Halston, Wallace Beery, George Bancroft, Charles Farrell and Johnnie Walker all did their bit. None of them could have been improved upon. "Old Ironsides"

stands as the great story of early America and her people.

"THE PATSY"

"The Patsy," starring Marion Davies, is at the State. Marion Davies, as Patricia, the snub-nosed Cinderella of the Harrington family, wins, of course, first laurels, with the cleverest and most humorous characterization of the season. Dominated by her pompous mother and shrewish elder sister, her life is just one suppressed desire after another.

Pa Harrington tries to help but Ma has had him so buffaloeed in 20 years of married life that he is left at the post before he starts. Pat is nursing a hopeless love for Tony who is courting Grace, the elder sister. When Grace gives him the air for a richer swain, Tony stoops to giving Pat impersonal advice as to how to win the man she loves. How Pat acts on this advice to lure Tony within the net of matrimony makes the story the best laugh of several blue moons.

Marie Dressler is ideal as the mother, Jane Winton is a sufficiently mean elder sister, while Orville Caldwell is as handsome and talented a lover as any girl could require.

COLUMBIANA

Rev. C. E. Krumm, pastor of the Lutheran church, will deliver the baccalaureate sermon next Sunday evening at the High school auditorium, instead of Rev. C. F. Jones, as was first announced.

Mr. and Mrs. W. C. Norris and family, Pittsburgh, and Mr. and Mrs. R. C. Norris and family, Akron, were week end guests of Mrs. Jacob Renkenberger and daughters, North Elm st.

Mr. and Mrs. Richard Sturgeon, Miss Nettie Sturgeon and Will Sturgeon have returned to their home at Port Madison, Ia., after a week's visit with Mr. and Mrs. T. A. Renkenberger, North Main st.

Columbianna stores will not begin the regular Wednesday afternoon closing until June 6. They will, however, be closed all day, Memorial day May 30.

Miss Nellie Koch was hostess Saturday evening to members of the Saturday Night bridge club at her home on South Main st.

Mr. and Mrs. Joe Miller and family, Akron, were week end guests of Mrs. Miller's parents, Mr. and Mrs. P. J. McGahan and family, North Main st.

Mr. and Mrs. Dent Graham visited Sunday with Mrs. Graham's mother, Mrs. Nettie Johnston and family, New Waterford.

Mr. and Mrs. H. R. Riddle and son, Robert, were week end guests of Mrs. Riddle's parents, Mr. and Mrs. F. H. Hall, at Sebring.

The Ladies' Aid society of the Presbyterian church will hold an all day meeting Thursday at the church.

Mr. and Mrs. Lloyd Ruhlman and family, Woodworth, were Columbianna shoppers Saturday evening.

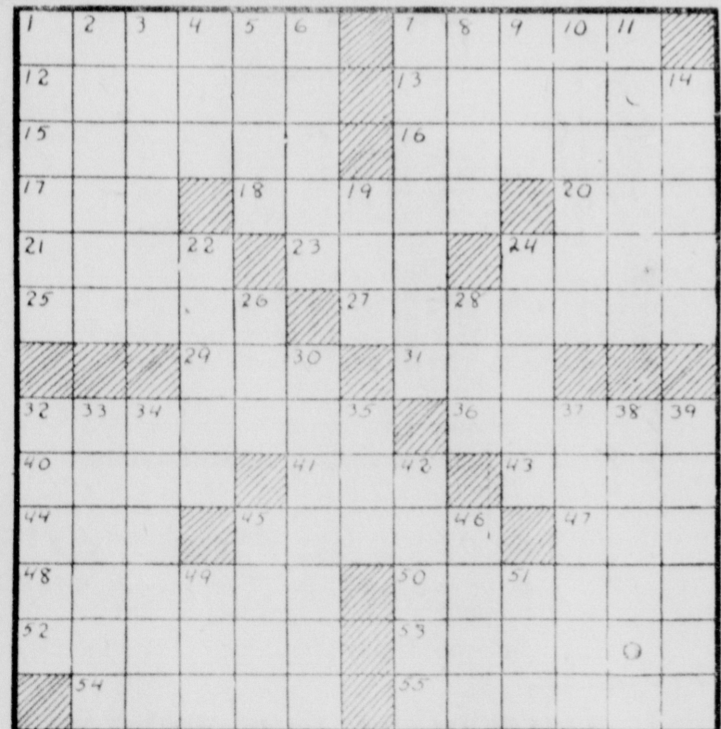

Mrs. Jeff Dickey and Mrs. Alvin Wonsitler of Signal, were Columbianna visitors, Saturday.

Mr. and Mrs. Russell Baker and family, Beaver Falls, spent the week end at the home of Mrs. Mary McGale and family, South Main st.

Mr. Alice Sample, Alliance, spent Sunday at the home of Mr. and Mrs. W. W. Wallace, New Waterford rd.

THE GUMPS—YOU MUST COME OVER

THE HOME KITCHEN

By Jeannette Young Norton

Breakfast—Grape fruit juice, cereal, cream, broiled cottage ham, creamed spinach, crisp toast, milk, coffee.

Luncheon—Turnips au gratin, brown bread, shredded lettuce, apple and cheese salad, ginger drop cookies, milk tea.

Dinner—Mexican stew of calf's liver, rice croquettes, French slaw, open apple pie, milk, coffee.

Leaf lettuce is cut in ribbons and combined with thinly sliced apples

and dry cottage cheese to make the luncheon salad.

Mexican Stew of Calf's Liver—Three-fourths pound of calf's liver, two cups sifted canned tomatoes, 3 onions, 1 green pepper, 2 tablespoons flour, ½ teaspoon salt, ¼ teaspoon paprika, ½ teaspoon ground mustard, ½ teaspoon ground cloves, 3 tablespoons butter, 2 slices bacon.

Cut liver in inch cubes. Cook bacon in a hot frying pan until crisp. Sauté liver in hot bacon fat until brown on all sides. Keep bacon hot while preparing sauce. Peel and mince onions. Remove seeds from pepper and mince flesh. Add onion and pepper to tomatoes. Mix and sift flour, salt, paprika, mustard and cloves. Work into butter, making a smooth paste. Stir into tomato mixture, stirring over the fire until thick. Add cubes of liver and simmer over a low fire for ten minutes. Serve on a hot platter garnished with strips of bacon.

STYLE EDICTS

Paris, May 15.—Spring varieties of old familiar fashions convince one that, in spite of what philosophers say, there still are some new things under the sun.

Afternoon dress varies much about the neck. There is the short point, the shallow square, the long bow across the shoulders, the deep oval in front with an inner vest. The handkerchief leaves one shoulder more uncovered than the other, or is set into the back as a pointed yoke leaving the front bare to let the kerchief be tied in a sharp knot. There are all sorts of fussy little collars and fichus, floating scarves and ties with which to drape necks.

Dinner dresses are made with low, oval-shaped backs over which a careless precarious-looking shoulder covering is fashionable.

Sleeves also have many variations. There are tight-fitting sleeves with lamp-shade cuffs and balloon-shaped cuffs finely-pleated and caught at the wrists in tight little bands. There are sleeves that are slit from the wrist-band to the elbow to show the bare arm. All are gracefully cut and trimmed about the wrist.

The position of the waist-line varies according to the cut of the shirt. On those which fit tight about the waistline it is set just on the hip. Period frocks with a tight bodice have a normal waistline more often than not.

SPRING COLDS ATTACK YOU IF WEAK & RUN DOWN

During the trying days of Spring a cold quickly develops into pneumonia. To drive off the cold and build new resisting power no better tonic food medicine can be used than Father John's Medicine, because the pure, nourishing elements of which it is made rebuild health and strength.

In use more than seventy years—Father John's medicine is guaranteed free from alcohol or any dangerous drugs. The wholesome, strength-building food which it contains is easily taken up by the system and it gives the very resisting power so greatly needed at this time.

When Food Sours

Sweeten the stomach—instantly

About two hours after eating many people suffer from sour stomachs. They call it indigestion. It means that the stomach nerves have been over-stimulated. There is excess acid. The way to correct it is with an alkali, which neutralizes many times its volume in acid.

The right way is Phillips' Milk of Magnesia—just a tasteless dose in water. It is pleasant, efficient and harmless. It has remained the standard with physicians in the 50 years since its invention.

It is the quick method. Results come almost instantly. It is the approved method. You will never use another when you know.

Be sure to get the genuine Phillips' Milk of Magnesia prescribed by physicians for 50 years in correcting excess acids; 25c and 50c a bottle—any drugstore.

"Milk of Magnesia" has been the U. S. Registered Trade Mark of The Charles H. Phillips Chemical Company and its predecessor Charles H. Phillips since 1875. Adv

1.—“Electric Refrigeration” assures proper preservation of food. The first essential to the proper preservation of food is cold. At temperatures between 50 and 60 degrees, bacteria in food multiplies 400 times faster than at temperatures between 42 and 47 degrees. The danger line for proper food preservation is 50 degrees. The normal temperature in an electric refrigerator is below 50 degrees with a fluctuation of only a few degrees.

2.—“Electric Refrigeration” provides a constant supply of cold dry air in a sanitary cabinet.

3.—“Electric Refrigeration” is convenient, simple, reliable and economical.

4.—“Electric Refrigeration” has passed the experimental stage. 1,200 electric refrigerators were sold in 1917. In 1927 over 500,000 electric refrigerators were sold. This result is only possible because the general public is satisfied that “Electric Refrigeration” is the proper and proved method of refrigeration.
